I. INTRODUCTION, METHODOLOGY & PRODUCT DEFINITIONS

II. EXECUTIVE SUMMARY

1. Industry Overview ......................................................... II-1
   Current & Future Analysis ............................................. II-1
   Industry Structure ..................................................... II-2
   Key Players .............................................................. II-2

   Table 1: Leading Producers of Containerboard
   Worldwide (2004): Production Capacity (in '000 tons) by
   Company - Smurfit-Stone, Weyerhaeuser, International
   Paper, Jefferson Smurfit Group, Georgia-Pacific, Temple-
   Inland, SCA, Oji Paper, Kappa, PCA, Rengo, Nippon
   Unique, Norampac, Saita, and Vizi (includes
   corresponding Graph/Chart) ............................................. II-2

   Market Trends ........................................................... II-3
   Increasing Role of CPB in Point-of-Purchase Display ....... II-3
   Plastic- A Competitor to Paperboard Box? ..................... II-3
   Shift Towards Value Addition to Existing Products ......... II-3
   Smaller Flute Profiles- Increasing Popularity ................ II-4
   Regional Growth Trends............................................... II-4
   Consolidation Continues ................................ .......... II-4
   Thin-Plate Technology for the Corrugated Market .......... II-4
   Review of the Packaging Industry............................... II-5

   Table 2: Worldwide Packaging Industry (2003-2005E) –
   Percentage Breakdown by Material Type (includes
   corresponding Graph/Chart) ............................................. II-6

   Innovatively Cutting Back Self-Filling Costs ................. II-6
   Complementary Virtues of Single-Trip Packaging ......... II-6
   Paper and Paperboard Industry in the Year 2000 ........... II-7

2. Product Overview .......................................................... II-8
   Corrugated & Solid Fiber Box ....................................... II-8
   Folding Paperboard Box ............................................. II-8
   Set-Up Paperboard Box ............................................... II-8
   Advantages of Corrugated and Paperboard Boxes .......... II-8
   Corrugated Intermediate Bulk Containers ..................... II-9
   Wax-Coated Corrugated Boxes ..................................... II-9
   Benefits of Corrugated and Paperboard Boxes ............. II-9
   Protects Goods While Transport and Storage ............... II-9
   Efficient and Space-saving Storage ............................. II-10
   Economical Transport ............................................... II-10
   Corrugated Box Specifications ..................................... II-10

   Table 3: Corrugated Box Specifications of Single Wall
   Corrugated Boxes ..................................................... II-10

   Strength Requirements ............................................. II-10

3. History of Box Making .................................................... II-12
   Corrugated Paper Development ................................... II-12
   Decades of Change in the Corrugated Box Industry ....... II-12
   History of Corrugated ................................................. II-13

4. Raw Materials Overview ........................................... II-15
   1. Paper and Paperboard ............................................. II-15
   2. Raw Materials Overview .......................................... II-15

   Categorization of Boxes by Parameters- Weight,
   Performance and Color ............................................. II-15
   Most Common Types of Paperboard ............................. II-16
   Specific Product Descriptions ................................. II-16
   Corrugated Board ................................................... II-16
   Flutes and Liners ................................................... II-16
   Polypropylene Hollow Corrugated Board-  
   A Potential Threat to Corrugated Board ....................... II-17
   Importance of Paperboard Quality in Packaging ........... II-17
   2. Adhesives .................................................................. II-18
   3. Waxes ..................................................................... II-18

5. End-Use Markets ............................................................ II-19
   End-Use Markets - Overview ....................................... II-19
   Packaging Trends in European Fruit and Vegetables ....... II-19
   Threat of Returnables ............................................... II-19
   Cosmetics and Toiletries Packaging ............................ II-19

6. Production Overview ..................................................... II-20
   Production Steps ......................................................... II-20
   Containerboard .......................................................... II-20

   Table 4: Worldwide Containerboard Production
   (2001-2002) by Region ('000 Metric Tons)
   (includes corresponding Graph/Chart) .......................... II-20

   Regional Share Containerboard Production in 2002 ........ II-21
   Table 5: Global Containerboard Production (2002):  
   Percentage Share Breakdown by Region ..................... II-21
   Production of Corrugated Board from Paper ................. II-21
   Corrugated Boxes ..................................................... II-21

   Table 6: Global Corrugated Production (2001- 
   2002) by Region ('000 Metric Tons) (includes
   corresponding Graph/Chart) ........................................... II-21

   Table 7: Worldwide Corrugated Production (2001-
   2002) by Region ('000 Metric Tons) (includes
   corresponding Graph/Chart) ........................................... II-21

   Various Parts of a Corrugator Machine ......................... II-22
   Conversion Process .................................................... II-23
   Types of Corrugated Packaging Plants ........................ II-23
   Corrugated Board Coating .......................................... II-24
   Applying Wax to Corrugated Boxes ............................... II-24
   Advantages of the three-layer structure ....................... II-24
   Requirements for Running F and N Flutes .................... II-24
   Developments in Prepress activity ............................. II-25
   Development of Prepress equipment ............................. II-25
   Material Developments .............................................. II-25
   Unique Structures ..................................................... II-26
   Printing Plate Requirements ...................................... II-26
   Preprint Quality in Postprint Applications ................... II-27

CORRUGATED AND PAPERBOARD BOXES - A GLOBAL STRATEGIC BUSINESS REPORT
This Report Is Protected With Digital Watermarks. Copyrights per US & ICC protocols.
This Document May Not Be Printed, Copied or Distributed Outside Your Organization in Any Form Without Our Express Written Permission
CONTENTS

Photopolymer Plates for Postprint..................................................II-27
Printing Procedures .................................................................II-27
Flexographic Printing ..............................................................II-27
Lithographic Printing ...............................................................II-28
Digital Printing ........................................................................II-28
Advantages of Digital Printing ..................................................II-28
Standardized Printing Systems Being Developed ......................II-28

7. Regulatory Environment .........................................................II-30
Understanding Corrugated Common Footprint Standard .............II-30

8. Environmental Analysis .........................................................II-31
Recycling ................................................................................II-31
Table 8: Worldwide Percentage of Recycled Containerboard
Compared to Total Containerboard Capacity in 2004
(includes corresponding Graph/Chart) ........................................II-31
Recycling of Old Corrugated Containers .....................................II-31
Advantages of Recycling OCC ..................................................II-31
Mode of Implementing Recycling Program ................................II-32
Guidelines to handle corrugated:................................................II-32
Common Contaminants ..........................................................II-32
End-Market Specifications .......................................................II-32
Competition from Plastic ........................................................II-33
Corrugated Boxes Vs. RTP .......................................................II-33
Carton Innovations Keep Converters on Cutting Edge ...............II-34
Improved UV-Curable Matte Coating Adds Package
Eye-Appeal ............................................................................II-34
Lobbying Efforts of FBA ........................................................II-34

9. Product Launches/ Developments .............................................II-36
Stora Enso Launches MultiFlex™ ...............................................II-36
DO Releases New PP Sheet Box .................................................II-36
Techno-Box: Reusable Corrugated Plastic Boxes .......................II-36
Boxes for the Vision Impaired ..................................................II-36
Corrugated Carton Box ...........................................................II-36
Oil Repellent Paperboard Boxes ..............................................II-37
Paper Companies Pioneer Wax Separation Process ..................II-37

10. Recent Industry Activity ........................................................II-38
IP Acquires Major Share of CMCP .............................................II-38
Cascades Acquires Fraser Papers ..............................................II-38
Norampac to Acquire International Paper’s Plant ......................II-38
Brascan Acquires Ownership in Fraser Papers .........................II-38
Norampac Acquires SPB Canada’s Plants ................................II-38
HTRG Acquires Prudential Timber Investments .......................II-38
HTRG Acquires Harvard Management Company’s Assets ........II-38
Barry-Wehmiller Buys Division of Central Bottling .................II-39
Pacrim to Buy PRC Realty in China ...........................................II-39
Blue Ridge to Set Up Joint Venture in Panama .........................II-39
Smurfit-Stone in a Joint Venture with Weendon .......................II-39
Interact Proclaims Signature and Interact Services Merger........II-39
Jefferson Smurfit and Kappa Sign Merger Agreement ................II-40
CMPC to Establish Production Plants .......................................II-40
JSH Engages in New Unit Set Up .............................................II-40

Georgia-Pacific to Renew Pulp and Paper Mill Facility ...............II-40
Klabin Completes Packaging Unit’s Renovation and Expansion ....II-40
Temple-Inland to Shutdown Packaging and Box Plants ...............II-40
Smurfit-Stone to Shut Down Production Operation in North America ................................................................II-40
Linder Lumber Closes Down Alabama-Based Mill .....................II-40
Norampac Shutdowns Machine in Ontario ................................II-41
International Paper Divests Carter Hold’s Stake .......................II-41
Tokan Package Co., Ltd. and Nichihta Package Industries Co., Ltd. Ink Merger Agreement ................................II-41
SSCC Forms Joint Venture with Hang Yick .............................II-41
Andritz Signs Contract with KPPM ...........................................II-41
International Paper Divests Weldwood ....................................II-41
Anglo American Merges its Division with Bauernfeind .............II-41
Mondi Europe Acquires Tek-Pol ...............................................II-42
Mondi Packaging Group Takes Over Bauernfeind
Group and Frantschach .........................................................II-42
Norampac Acquires AIM ........................................................II-42
SCA Pockets Italian Corrugated Company ...............................II-42
Norampac Acquires Johnson Corrugated Products Corp ............II-42
SCA Takes Over Heritage .......................................................II-42
DS Smith Acquires Linpac .......................................................II-43
SCA Takes Over Vincor Group ................................................II-43
PCA Pockets Acorn ..............................................................II-43
Georgia-Pacific Acquires Two Plants of Inland Paper .................II-43
International Paper Signs RFID Agreement (USA) ..................II-43
IP Increase Capacity On Linerboard .........................................II-43
Orsa Invests R$210 Million in Production ................................II-43
Stora Enso Opens Second Packaging Mill in Russia .................II-43
Smurfit-Stone Discontinues Operations at 4 Facilities ...............II-44
MeadWestvaco in a Billion Dollar Divestiture .........................II-44
Norampac’s Mexico Plant Divestiture .......................................II-44
Nippon Unipae Holding Changes Name to Nippon Paper Group, Inc ................................................II-44
Tuscarora Acquires H & R .......................................................II-44
JSG Takes Over SSCC’s European Packaging Operations .........II-44
ITC Acquires BIPCO ............................................................II-44
SCA Acquires Southeastern Packaging .....................................II-45
SCA Completes US Packaging Acquisition ..............................II-45
Alier S.A. Steps into Corrugated World .....................................II-45
BOX-Pak Bhd Ventures into Vietnam .......................................II-45
MMKG Acquires BMB ........................................................II-45
Jefferson Smurfit Acquires in Argentina ....................................II-45
Mondi Packaging Buys Danisco Pack UK .................................II-46
Weyerhaeuser Buys Out Willamette .........................................II-46
DS Smith Takes Over MacFarlane’s Corrugated
Packaging Operations ........................................................II-46
Genting Sanyen Partners withOTOR France ............................II-46
Formation of TPN ..............................................................II-47
Texchem Inaugurates New Factory ...........................................II-47
NUH Decides to Begin New Production Facility at China .........II-47
OTOR to Increase Capacity .....................................................II-47
CMPC Initiates a New Containerboard Paper Mill ....................II-47
W Hamburger to Open Corrugated board Plant in Austria .........II-47
CMPC Opens Corrugated Paper Facility ...................................II-48
11. Focus on Select Global Players

- InPeake Packaging, Inc (USA) .................................. II-54
- International Paper (USA) ......................................... II-54
- Kappa Packaging (The Netherlands) ......................... II-54
- Mondi Packaging Europe (UK) .................................. II-54
- Rengo Co. Ltd (Japan) ............................................. II-55
- Svenska Cellulosa Aktiebolaget (Sweden) .................... II-55
- SCA Packaging (UK) ................................................ II-55
- TI Acquires Gaylord .................................................. II-49
- IP Spin Off Container Mill ......................................... II-49
- OEC Signs Agreement with Burr ................................. II-50
- Norampac Divests Paper Recovery Division .................. II-50
- Inland Acquires ComPro ............................................. II-50
- Inland Pockets Converting Operations of Chesapeake .... II-50
- Inland Paperboard and Packaging Pockets Elgin .......... II-50
- MPC Mergers with Trupal .......................................... II-51
- Inland Paperboard and Packaging Sells Subsidiary in Chile II-51
- Westvaco Acquires IMPAC ........................................... II-51
- Cactus Corrugated Signs Pact with PBCN ...................... II-52
- Suzano and Riverwood to Sell Igaras ............................ II-52
- PCA Buys Pactív’s Containerboard and Corrugated Products Business .............................................. II-52
- Jefferson Smurfit Attains Summit by Acquiring Stone Container .......................................................... II-52

12. Global Market Perspective

Table 12: World Recent Past, Current & Future Analysis for Corrugated & Solid Fiber Boxes by Geographic Region – USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets Independently Analyzed with Annual Sales Figures in US$ Million for Years 2000 through 2010 (includes corresponding Graph/Chart) .................................................. II-58

Table 13: World 11-Year Perspective for Corrugated & Solid Fiber Boxes by Geographic Region – Percentage Breakdown of Dollar Sales for USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) .................................................. II-59

Table 14: World Recent Past, Current & Future Analysis for Folding Paperboard Boxes by Geographic Region – USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets Independently Analyzed with Annual Sales Figures in US$ Million for Years 2000 through 2010 (includes corresponding Graph/Chart) .................................................. II-59

Table 15: World 11-Year Perspective for Folding Paperboard Boxes by Geographic Region – Percentage Breakdown of Dollar Sales for USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) .................................................. II-60

Table 16: World Recent Past, Current & Future Analysis for Set-Up Paperboard Boxes by Geographic Region – USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets Independently Analyzed with Annual Sales Figures in US$ Million for Years 2000 through 2010 (includes corresponding Graph/Chart) .................................................. II-60

Table 17: World 11-Year Perspective for Set-Up Paperboard Boxes by Geographic Region – Percentage Breakdown of Dollar Sales for USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) .................................................. II-60

Table 18: World Recent Past, Current & Future Analysis for Demand of Corrugated and Paperboard Boxes for Non-Durable Products by Geographic Region – USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets Independently Analyzed with Annual Sales Figures in US$ Million for Years 2000 through 2010 (includes corresponding Graph/Chart) .................................................. II-61

Table 19: World Recent Past, Current & Future Analysis for Demand of Corrugated and Paperboard Boxes for Non-Durable Products by End-Use Segment – Food & Beverages, Paper and Publishing Products, Chemicals & Allied Products, and Other End-Use Markets Independently Analyzed with Annual Sales Figures in US$ Million for Years 2000 through 2010 (includes corresponding Graph/Chart) .................................................. II-62
Table 20: World 11-Year Perspective for Demand of Corrugated and Paperboard Boxes for Non-Durable Products by Geographic Region – Percentage Breakdown of Dollar Sales for USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ................................II-62

Table 21: World 11-Year Perspective for Demand of Corrugated and Paperboard Boxes for Non-Durable Products by End-Use Segment – Food & Beverages, Paper and Publishing Products, Chemicals & Allied Products, and Other End-Use Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ........II-63

Table 22: World Recent Past, Current & Future Analysis for Demand of Corrugated and Paperboard Boxes for Food & Beverages by Geographic Region – USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets Independently Analyzed with Annual Sales Figures in USS Million for Years 2000 through 2010 (includes corresponding Graph/Chart) .................................II-64

Table 23: World 11-Year Perspective for Demand of Corrugated and Paperboard Boxes for Food & Beverages by Geographic Region – Percentage Breakdown of Dollar Sales for USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ................................II-64

Table 24: World Recent Past, Current & Future Analysis for Demand of Corrugated and Paperboard Boxes for Paper & Publishing Products by Geographic Region – USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets Independently Analyzed with Annual Sales Figures in USS Million for Years 2000 through 2010 (includes corresponding Graph/Chart) ........II-65

Table 25: World 11-Year Perspective for Demand of Corrugated and Paperboard Boxes for Paper & Publishing Products by Geographic Region – Percentage Breakdown of Dollar Sales for USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ................................II-65

Table 26: World Recent Past, Current & Future Analysis for Demand of Corrugated and Paperboard Boxes for Chemicals & Allied Products by Geographic Region – USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets Independently Analyzed with Annual Sales Figures in USS Million for Years 2000 through 2010 (includes corresponding Graph/Chart) ....................II-66

Table 27: World 11-Year Perspective for Demand of Corrugated and Paperboard Boxes for Chemicals & Allied Products by Geographic Region – Percentage Breakdown of Dollar Sales for USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ................................II-66

Table 28: World Recent Past, Current & Future Analysis for Demand of Corrugated and Paperboard Boxes for Other Non-Durable Products by Geographic Region – USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets Independently Analyzed with Annual Sales Figures in USS Million for Years 2000 through 2010 (includes corresponding Graph/Chart) ..........................II-67

Table 29: World 11-Year Perspective for Demand of Corrugated and Paperboard Boxes for Other Non-Durable Products by Geographic Region – Percentage Breakdown of Dollar Sales for USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ...............................II-67

Table 30: World Recent Past, Current & Future Analysis for Demand of Corrugated and Paperboard Boxes for Other Non-Durable Products by Geographic Region – USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets Independently Analyzed with Annual Sales Figures in USS Million for Years 2000 through 2010 (includes corresponding Graph/Chart) ....................II-68

Table 31: World 11-Year Perspective for Demand of Corrugated and Paperboard Boxes for Other Non-Durable Products by Geographic Region – Percentage Breakdown of Dollar Sales for USA, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Latin America, and Rest of World Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) .............................II-68

Table 32: US Food Container Demand Market (2003-2005E): Percentage Breakdown of Revenues by Packaging Type - Paperboard, Plastic, Metal, and Glass (includes corresponding Graph/Chart) .........................III-2

Table 33: US Paperboard Production (2003-2004): Percentage Breakdown of Production Volume by Product Type (includes corresponding Graph/Chart) ........................................ III-4

III. MARKET

1. The United States ..................................................................III-1

A. Market Analysis .................................................................III-1

Corrugated and Paperboard Box Market –
Overview & Outlook .......................................................III-1

Competition ......................................................................III-1

Challenges from Plastic Packaging ..........................III-1

Corrugated Box Market- Competition .........................III-1

Packaging Industry - Outlook ............................................III-2

Food Container Market ......................................................III-2

Outlook .............................................................................III-2

Table 32: US Food Container Demand Market (2003-2005E): Percentage Breakdown of Revenues by Packaging Type - Paperboard, Plastic, Metal, and Glass (includes corresponding Graph/Chart) ........III-2

Plastic Food Containers ..................................................III-3

Paperboard Food Containers ........................................III-3

Metal Containers .............................................................III-3

Glass Containers ..............................................................III-3

Corrugated Packaging - Overview ..............................III-3

Corrugated and Paperboard Box ................................III-4

Table 33: US Paperboard Production (2003-2004): Percentage Breakdown of Production Volume by Product Type (includes corresponding Graph/Chart) ........................................III-4
Key Players ........................................................................ III-5

Market Trends ........................................................................ III-6
Corrugated and Paperboard Box - Market Trends by End-Use ........................................................................ III-6
Corrugated and Paperboard Box - Market Trends by Box Type ........................................................................ III-6
Changing Industry Structure Over the Years ........................................................................ III-6

Table 36: US Box Shipments - Percentage Market Share by Type of Supplier: 2000 & 2001 (includes corresponding Graph/Chart) ........................................................................ III-7
Increasing Demand for Flute Boxes ........................................................................ III-7
Tough Times Ahead for Triple Wall Box ........................................................................ III-7
Shifted Focus in End-Use Segments ........................................................................ III-7
High Growth End-Use Markets ........................................................................ III-7
Cosmetics, Toiletries to Drive Demand of Folding Carton ........................................................................ III-8
More Paperboard Converters Focusing on Consumer Packaging ........................................................................ III-8
Raw Material Access – A Major Challenge ........................................................................ III-8
Merchandisers - Changing Requirements ........................................................................ III-8
Business Through Internet ........................................................................ III-9
Production Shifts ........................................................................ III-9
Factors Affecting Demand ........................................................................ III-9
Folding Paperboard Boxes ........................................................................ III-9
Environmental Profile ........................................................................ III-9
Lobbying Efforts for Folding Paperboard Boxes ........................................................................ III-10
Product and Process Innovations ........................................................................ III-10
Expanding Customer Base ........................................................................ III-10
End-User Profile for Folding Cartons ........................................................................ III-10
Industry Overview in the Recent Past ........................................................................ III-11
Paperboard Packaging Industry ........................................................................ III-11
Prices ........................................................................ III-11
Price Fluctuations of CPB ........................................................................ III-11
Price Fluctuations of Paperboards ........................................................................ III-12
Consolidation Trends Over the Years ........................................................................ III-12
End-Use Analysis ........................................................................ III-13
Production and Technological Developments ........................................................................ III-14
Environmental Issues ........................................................................ III-14
Recycling ........................................................................ III-14

Corrugated Recycling ........................................................................ III-14
Corrugated and Paperboard Box Recycling ........................................................................ III-15
Statistics: Shipments in 2002 ........................................................................ III-15

Table 38: US Folding Carton Box Shipments – Percentage Share Breakdown by Region: 2002 (includes corresponding Graph/Chart) ........................................................................ III-16

Recent Industry Activity ........................................................................ III-16
Developments in the Last Decade ........................................................................ III-21
Key US Players ........................................................................ III-23

B. Market Analytics ........................................................................ III-25

Table 39: US Recent Past, Current & Future Analysis for Corrugated and Paperboard Boxes by Product Segment – Corrugated & Solid Fiber Box, Folding Paperboard Box, and Set-Up Paperboard Box Markets Independently Analyzed with Annual Sales Figures in US$ Million for Years 2000 through 2010 (includes corresponding Graph/Chart) ........................................................................ III-25
Table 40: US Recent Past, Current & Future Analysis for Corrugated and Paperboard Boxes by End-Use Segment – Non-Durables (Food & Beverages, Paper and Publishing Products, Chemicals & Allied Products, and Others), and Durables End-Use Markets Independently Analyzed with Annual Sales Figures in US$ Million for Years 2000 through 2010 (includes corresponding Graph/Chart) ........................................................................ III-25

Table 41: US 11-Year Perspective for Corrugated and Paperboard Boxes by Product Segment – Percentage Breakdown of Dollar Sales for Corrugated & Solid Fiber Box, Folding Paperboard Box, and Set-Up Paperboard Box Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ........................................................................ III-26
Table 42: US 11-Year Perspective for Corrugated and Paperboard Boxes by End-Use Segment – Percentage Breakdown of Dollar Sales for Non-Durables (Food & Beverages, Paper and Publishing Products, Chemicals & Allied Products, and Others), and Durables End-Use Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ........................................................................ III-27

2. Canada ........................................................................ III-28
A. Market Analysis ........................................................................ III-28

Industry Overview ........................................................................ III-28
Corrugated and Paperboard Box Market - An Outlook ........................................................................ III-28
Market Structure ........................................................................ III-28
Market Trends ........................................................................ III-29
Mini-Flute and Printing ........................................................................ III-29
e-Commerce - Potential Business Technique ........................................................................ III-29
Factors Affecting Canadian Market ........................................................................ III-29
Export –Import Scenario ........................................................................ III-29
Technological Advancements ........................................................................ III-29
3. Japan ........................................ III-34
A. Market Analysis ........................................ III-34
Corrugated and Paperboard Boxes Market- Outlook ......III-34
Market Dynamics in End-Use Segments ..................III-34
Corrugated Cardboard Trends in End-Use Segments ......III-34
Futuristic Outlook for Industries Using Corrugated Box ........................................ III-35
Folding Carton Trends .....................................III-35
Price Trends in CPB Market ...............................III-35
Paperboard Prices in the Recent Past ......................III-36
Paper and Paperboard Industry in 2001 ....................III-36
Strategic Corporate Developments ........................III-36
Key Japanese Players .......................................III-37
B. Market Analytics ........................................ III-38
Table 47: Japanese Recent Past, Current & Future Analysis for Corrugated and Paperboard Boxes by Product Segment – Corrugated & Solid Fiber Box, Folding Paperboard Box, and Set-Up Paperboard Box Markets Independently Analyzed with Annual Sales Figures in US$ Million for Years 2000 through 2010 (includes corresponding Graph/Chart) ........................................ III-38

Table 48: Japanese Recent Past, Current & Future Analysis for Corrugated and Paperboard Boxes by End-Use Segment – Non-Durables (Food & Beverages, Paper and Publishing Products, Chemicals & Allied Products, and Others), and Durables End-Use Markets Independently Analyzed with Annual Sales Figures in US$ Million for Years 2000 through 2010 (includes corresponding Graph/Chart) ........................................ III-39

Table 49: Japanese 11-Year Perspective for Corrugated and Paperboard Boxes by Product Segment – Corrugated & Solid Fiber Box, Folding Paperboard Box, and Set-Up Paperboard Box Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ........................................ III-39

Table 50: Japanese 11-Year Perspective for Corrugated and Paperboard Boxes by End-Use Segment – Percentage Breakdown of Dollar Sales for Non-Durables (Food & Beverages, Paper and Publishing Products, Chemicals & Allied Products, and Others), and Durables End-Use Markets for 2000, 2005 & 2010 (includes corresponding Graph/Chart) ........................................ III-40

4. Europe ........................................ III-40
A. Market Analysis ........................................ III-40
Overview & Outlook ....................................... III-40
Major Players ........................................ III-41
Table 51: Leading Players in Western European Corrugated and Paperboard Box market (2003-2005E): Percentage Breakdown by Sales for SCA Packaging, Smurfit-Stone, Kappa and Others (includes corresponding Graph/Chart) ........................................ III-41
Regulations ............................................... III-42
Paper and Paperboard Industry in the Recent Past .......III-43
Decreasing Weight of Containerboard .....................III-43
Table 52: Corrugated Board in Europe (2000): Average Weight of Corrugated Board by Country: 2000 (in g/m2) (includes corresponding Graph/Chart) ........................................ III-43
Corrugated and Paperboard Packaging Industry in the Recent Past ........................................ III-44
Market Trends .......................................... III-44
Consolidation ........................................ III-44
